	Cord with snap fastener every 8 cm			white	14538 /025 14538 /100	25 m 100 m
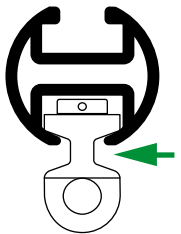

Gliders of the series 2 have a wider groove and are better suited for round-profiles.
Series 2 gliders do not match the cord of series 3.
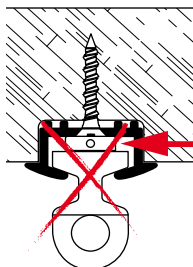

Due to the bigger construction-height, the series 2 is inappropriate for profiles with less inner height.
Test whether the s-wave-gliders fit into your curtain-track.

Series 3 is designed for profiles with a low inner height.
Series 3 gliders do not match the cord of series 2.
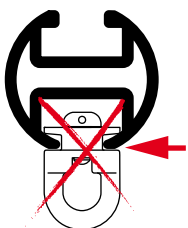

The series 3 is less suitable for some round-profiles because of the gliders narrow groove.
Test whether the s-wave-gliders fit into your curtain-track.
